ROADLOCK®

THE BEST LOOKING DRIVEWAY IN THE NEIGHBORHOOD!

The Roadlock® Desert Series has beautiful natural aggregates to create a stunning paver that is nearly indestructible.

Each Desert Series paver is polished to enhance the look of the paver. The polishing that our manufacturing incorporates in the Desert Series

line, distinguishes our paver from normal porous block-type pavers.

The Desert Series Paver line is offered in four colors. The pavers can be mixed and matched in many different combinations and patterns to create a unique look for your project.

1 RANDOM COMBINATION

Color	Format	%
Grand Canyon	8"x8"	11.1

THE BEST CHOICE FOR YOUR DRIVEWAY.

Artistic Pavers look a lot nicer than regular block-type pavers and they have the same great features as ordinary pavers and then some.

Artistic Pavers manufacturing process creates a nonporous very strong paver. Because our pavers are so dense, they have virtually no problems in any climate. The high density also helps protect against secondary efflorescence, staining, salt erosion, algae and mildew growth.

Our Roadlock pavers are uniform in shape and calibrated to 2³/₈" to insure a level sand base installation and an easy installation.

Unlike poured concrete decks, Roadlock® Pavers are a flexible system. Installed on sand, our pavers can move with shifting ground conditions, eliminating all the problems associated with cracked concrete decking.

4 RANDOM COMBINATION

Color	Format	%
Dark Chocolate	8"x8"	8.3
Dark Chocolate	8"x12"	20.8
Dark Chocolate	12"x12"	12.5
Golden Brown	8"x8"	11.1

PACKING SPECS

Format	Pavers per Sq. Ft.	Pieces per Pallet	Sq. Ft. per Pallet	Weight per Pallet
8" x 8"	2.25	264	117.33	Approx. 3,168 lbs
8" x 12"	1.50	176	117.33	Approx. 3,168 lbs
12" x 12"	1.00	132	132.00	Approx. 3,564 lbs

- * Pavers are manufactured in metric sizes and are rounded to the closest equivalent size in English units. They are also manufactured to achieve a uniform thickness of 23/8".
- * Colors on printed material or published on our website may vary from actual pavers. Before making your decision, we recommend verifying your selection at your local Artistic Paver retailer.
- * Efflorescence occurs naturally and periodically in the manufacturing of any concrete product.

VERY FUNCTIONAL

NOT ONLY ARE ARTISTIC PAVERS BEAUTIFUL TO LOOK AT, THEY ARE VERY FUNCTIONAL...

◆ **We won't crack you up, but we do make good pavers ...**

Regular poured concrete decks crack, Artistic Pavers flex between pavers avoiding cracks.

◆ **We are cool...**

Cool on your feet. Most of our pavers are light colored and typically much cooler than most other deck surfaces.

◆ **Smooth, but not too smooth...**

Our pavers are comfortable to walk on, but not too slippery, dry or wet.

◆ **Some exercising is fun, but exercising to clean your deck isn't ...**

That's why we manufacture our pavers to require very little maintenance. Because of additives and the high density of our pavers, algae, mildew and other yucky stuff have a difficult time growing on our product. Many natural and man made products require sealing to avoid the yucky stuff, we don't.

◆ **Salt pools, no problem...**

Again, because our pavers are so dense, salt water from pools that use chlorinators will not damage our decking.

◆ **Save your precious toes ...**

Our pavers are designed for commercial and residential pedestrian traffic. By calibrating and beveling the border of our pavers it keeps you from stubbing those precious little toes.

◆ **Lickety-split ...**

While you're sleeping, we're probably making pavers. Our standard pavers are usually ready for quick delivery. Installation is quicker than installing a concrete slab with a topping, because our pavers don't require a slab and paver installations are less affected by bad weather.

◆ **It is great to be special ...**

We make many different types of coping. Bullnosed on one, two, three or all four sides of the paver. By using our coping, you are able to have a spa or raised wall without having a seam going through the middle of the coping.

◆ **Great in cold weather...**

Our product passed the rigorous 50 cycle freeze-thaw test with no measurable weight loss or cracking.

◆ **We hate to call ourselves cheap, but we are very fairly priced ...**

Our pavers and coping add so much to the look of your backyard environment, are so functional, and will last so long, that you would think we cost a bunch. We don't, we are less costly than many materials that require slabs and a little more than some, but well worth it.

PERFECT FOR EVERY DETAIL IN YOUR DECK, ARTISTIC PAVER® IS ALL YOU NEED!

Artistic Paver's coping and specialty pieces are ideal for decorative uses such as pool coping, raised walls, steps, spillways, fountains, benches, planters, etc...

This ensures that materials used for architectural solutions will coordinate with the Artistic Paver decking material.

IT JUST LOOKS EXPENSIVE!

Artistic Paver's coordinating deck pavers, coping and specialty pieces not only give your project a great look, but they also make an easy installation, saving you time and money.

The result is a luxurious combination of beauty and technology that will keep you satisfied for many years to come.
