Summit Brick & Tile Co. is dedicated to providing quality brick products to meet every residential building requirement. Fine craftsmanship, attention to detail and exceeding our customer's expectations are Summit traditions.

This palette illustrates many, but not all, of the gorgeous colors that Summit offers. The long lasting beauty of our clay reflects nature's elegant variations.

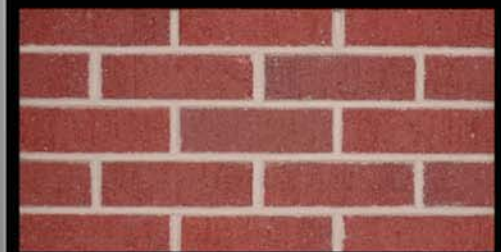

Light intensity, shadow, viewing angle and even mortar color can create subtle variations between the photographs and the actual brick.

Summit Brick & Tile Co. offers an innovative approach with an inspiring choice of fashionable brick colors, textures and sizes to compliment today's architectural designs.

Contemporary Colors

Choose from our extensive palette of brilliant and enduring colors. Summit's newest colors range from the stylish "Lexington" to the classic look of "Old Aspen".

Distinctive Textures

Summit's textures add a unique personality and presence to our brick. Select from a wide variety of textures including smooth, grain, batted edge, tumbled and antique.

Special Sizes

By offering a huge variety of brick sizes, we are able to distinguish ourselves from all other brick manufacturers. Our number one goal is to cater to you, our customer, and our oversize brick are designed specifically to lower in-the-wall costs for you.
